# MAINTENANCE GROOMING

## FOR SHORT COATED BREEDS

CLEAN. HAPPY. HEALTHY.

Unlike long-haired breeds that need regular cutting or styling, short-coated dogs do not require hair trimming to keep their coat healthy. Instead, this service focuses on ongoing care to preserve coat condition, skin health, and overall cleanliness, while keeping the dog comfortable & looking its natural best. It is the ideal regular service - simpler than a full groom, but more thorough and coat-focused than basic hygiene grooming.

*“Regular grooming today keeps your furry friend happy, healthy, & problem-free tomorrow.”*
